Cost: £35 for 2-day workshop

Thursday: 6.30-8.30pm (over 2 evenings)

Cost: £22.50 for 2 sessions

(includes all materials)

Further details below

'Portraits in collage'

Dedicate time to studying colour and skin tones to develop a collection of papers using various techniques. Merge this with found materials to craft a thoughtful collage portrait.

Dates: July 3rd/4th

'Seascapes'

Begin with sketches and visual observations from well sourced images to take into semi-abstract seascapes in ink and then oil paint.

Dates: July 10th/11th

'Abstract Nude'

Learning gestural mark making from a live nude model allows us to create movement and depth, preparing us for working on a vibrant mixed media oil painting.

Dates: July 17th/18th

'Paper Crafts'

We plan to craft a collection of bowls and a decorative wall hanging using papier-mâché and paper pulp. These creations can be enhanced with paint, thread, and beads.

Dates: July 24th/25th

‘Plein air Landscapes’

Weather permitting, we will venture into the local area with sketchbooks to gather inspiration for a landscape. The following day, we will return to paint in oil on board.

Dates: July 31st/August 1st

‘Expressive Still Life’

We will explore colour and texture by utilizing a range of tools to apply oil paint on a board for a semi-abstract artwork.

Date: August 7th/8th

‘Exploring watercolours’

We will create multiple pieces of artwork using well-sourced photographs of birds and implement pen and resist techniques with bold brushwork.

Dates: August 14th/15th

Thursdays evening 'Visual Art'
